

TEACHING KIDS TO RESIST DRUGS & VIOLENCE

P.O. Box 512090 Los Angeles, California 90051-0090 (800) 223-DARE FAX (310) 215-0180

Dear D.A.R.E Parents:

For more than twenty years, D.A.R.E. Officers have been teaching children about the dangers of drugs, violence and providing them with the skills and confidence they need to resist these risks.

Protecting our children to the best of our ability requires us to be aware of and prepared for a potential danger or threat. Knowing what to expect and how to react in an emergency can be the only way to avert a tragedy. And being prepared is never more critical than in a missing child emergency.

To address this issue, D.A.R.E. has chosen to partner with a leading producer of child safety technology, Life-Prints Solutions. **Life-Prints Child Safety Software** offers parents the peace of mind that comes from being proactive and prepared in case of an emergency. Life-Prints Software allows you to store and update your child's critical information on your home computer. Should an emergency arise and your child becomes missing, the information can be instantly transmitted to law enforcement, advocacy agencies and media, and the search for your child can immediately begin.

We are proud to announce our partnership with Life-Prints and to introduce you to their state-of-the-art Child Safety Software. We encourage you to take a moment and visit their website at www.life-prints.com. As a D.A.R.E parent you will receive a **48% discount** on the family version of Life-Prints Child Safety Software and **your school will receive a \$2 contribution**.

Many thanks for your ongoing support.

Respectfully,

Charlie Parsons
President and Chief Executive Officer
D.A.R.E. America
